

Education Specialist California Teaching Performance Assessment (EdSp CalTPA)

Sample Classroom Educator/Aide Consent Form

[Candidate's full name] is a candidate for a California Preliminary Multiple or Single Subject Teaching Credential, and for this reason is completing the Education Specialist California Teaching Performance Assessment (EdSp CalTPA) administered by the Evaluation Systems group of Pearson (Evaluation Systems) on behalf of the California Commission on Teacher Credentialing (CTC).

The EdSp CalTPA comprises two instructional cycles, each of which requires that the candidate video-record instructional activities in the classroom. All information collected in preparation for these activities, the video recordings, and any written analyses will be strictly confidential. Only Evaluation Systems assessors and staff supporting assessment development processes, CTC staff providing program oversight, educators associated with the candidate's preparation program (e.g., faculty and support providers) and authorized entities will have access to the information for the purpose of scoring and training, analyzing the feasibility of the assessment and work product results, and conducting validity studies. Segments of responses may be used as support materials for programs and candidates as they prepare for the assessment.

If you have questions about the candidate's activities related to completing the EdSp CalTPA, please contact the candidate at: [candidate's contact information, such as name, title, phone number, and email address].

If you have any questions about the EdSp CalTPA, please visit the EdSp CalTPA website at www.ctcexams.nesinc.com for more information. Contact information is available on the Contact Us page of the EdSp CalTPA website.

Candidate Statement

I am completing the EdSp CalTPA, which requires me to demonstrate my skills in the instructional practice of planning, teaching and assessing, reflecting, and applying. As part of this process, I will be providing classroom instruction and video-recording some lessons. As an educator or aide in the classroom, your participation in these video-recorded lessons is voluntary. The sole purpose of the video recordings is for me to produce work products that demonstrate my skills in instructional practice. My work in the classroom will not interfere with, or detract from, classroom instruction.

Common Questions

What does participation involve?

To complete the EdSp CalTPA, the candidate is asked to gather contextual information about students, use student information to plan instruction, teach and video-record lessons, and use

student work samples in reflecting on practice. With your permission, you may appear in the video recordings, but you will not be identified in these materials. If you choose to not give your permission, you will still participate in the classroom instruction as usual. You will just be positioned out of camera range, but not in a way that disrupts learning.

Information about you will remain private. The candidate is required to protect the identity of people featured in the submission by removing any identifiable information, including the full names of the participating district, school, institution, faculty, staff, and students.

The school or district will not have access to any candidate-produced work products, including the video recordings, student work samples, analyses, and commentary.

Are there any risks or benefits to participating?

There are no risks or direct benefits from your participation.

What will happen to the video recordings?

The video recordings will be used for the purpose of evaluating the candidate's skills in completion of the EdSp CalTPA and may be used as examples for assessor and faculty training or to assist programs in preparing candidates to complete the EdSp CalTPA. They will not be used to evaluate the district, school, teacher of record, other educators or aides in the classroom, or any of the students in the class. The recordings will not appear in any public settings or on the Internet, other than on the secure EdSp CalTPA platform.

All video recordings uploaded as part of the candidate's submission for scoring will be maintained in a secure environment. The candidate will maintain video recordings in a secure manner with restricted access.

Video recordings will be accessible only to educators associated with the candidate's preparation program (e.g., faculty and support providers); California educators approved and trained by the EdSp CalTPA program as assessors to score the work products; EdSp CalTPA program staff for assessor and faculty training, revising the assessment, and/or as exemplars to assist programs and candidates; and CTC staff who may use the recordings for quality control purposes in the assessment development process.

Your school or district will not have access to the video recordings.

Do I have to participate?

Participation is voluntary. There is no penalty for not participating.

What if I have questions during the candidate's activities?

If you have any questions about your participation or about the EdSp CalTPA, please visit the EdSp CalTPA website at www.ctcexams.nesinc.com for more information. Contact information is available on the Contact Us page of the website.
