BACKGROUND INFORMATION

California Credentialing Requirements

Teacher candidates in California are required to demonstrate competence in the subject matter they will be authorized to teach. The Commission on Teacher Credentialing (CTC) provides Single Subject Teaching Credential candidates with two options for satisfying this requirement. Candidates can either (a) complete a CTC-approved subject matter preparation program or (b) pass the appropriate CTC-adopted subject matter examination(s).

The California Educator Credentialing Assessments website (www.ctcexams.nesinc.com) provides detailed information about California requirements for certification. The website also includes important information about the procedures and policies, including the Rules of Test Participation, which you agree to abide by upon registration for an examination of the CSET.

Subject Matter Requirements for CSET: Art

The subject matter requirements for CSET: Art are contained in six domains. These six domains comprise the subject matter knowledge and skills expected of a California public school art educator, and are incorporated into the two subtests of CSET: Art. The six Art domains delineate the teacher competencies that are important for the provision of effective art instruction to students in grades preK–12. The CSET: Art subject matter requirements are provided in Appendix A of this manual.

CSET: Art Subtest II includes a portfolio component that requires you to **demonstrate and reflect upon** your knowledge and skills as described in the Creative Expression domain of the CSET: Art subject matter requirements. You will address these requirements by submitting six photographs of your artwork and writing reflective written responses about your selected artwork at the CSET: Art administration.

Information about both CSET: Art subtests is available in the CSET: Art test guide provided on the California Educator Credentialing Assessments website (www.ctcexams.nesinc.com).

Testing Requirements for CSET: Art Subtest II

CSET: Art Subtest II consists of two sections: (1) a multiple-choice question section, presented on screen at your computer-based test administration, and (2) a portfolio component, described in this manual, for which constructed-response items will be presented on screen at your computer-based test administration.

Photograph Submission Policy

The Commission on Teacher Credentialing (CTC) requires that you submit six photographs at the test center to take CSET: Art Subtest II. When you sign in for the test administration for which you are registered, the photographs will be checked by a test administrator. The photographs will be returned to you for use during the test. At the conclusion of your test, you will be required to submit the six photographs for scoring. Your photographs will not be returned to you.

If one or more of your photographs do not meet the requirements specified on page 9 of the CSET: Art Subtest II Portfolio Procedures Manual, you will receive a rating of "Unscorable" on the portfolio component written assignment(s). If your written assignment(s) are rated as "Unscorable," you may not receive a passing score on CSET: Art Subtest II and may need to retake the subtest.

Furthermore, if you do not submit six photographs at the test administration (as described above), you will not have satisfied the CSET: Art Subtest II testing requirements; you will not pass CSET: Art Subtest II; and you will need to retake the entire subtest.

REGISTRATION INFORMATION

Your CSET: Art Subtest II Registration

Your registration for CSET: Art Subtest II is valid only for one test date. If you do not submit your portfolio materials at the CSET: Art Subtest II test administration, your written responses for the portfolio component will be designated as "Unscorable." If you are absent from the administration, you will not receive a refund or credit for any test registration fees and must submit a new registration along with the appropriate fee if you wish to take the subtest on a future test date.

See www.ctcexams.nesinc.com for detailed information about:

- withdrawing your registration;
- changing your registration to a future test date;
- correcting or updating personal information on your registration materials;
- test center rules;
- the day of the test;
- retaking a CSET subtest.

MATERIALS YOU WILL NEED

To prepare your CSET: Art Subtest II portfolio materials packets for submission you will need the following materials:

- Two 9" x 12" envelopes for submitting your photographs at your scheduled test appointment
- One completed copy of the CSET: Art Subtest II Submission Form (available for download on the CSET: Art test information page at www.ctcexams.nesinc.com) or included in Appendix C of this manual.
- Six photographs (described in more detail on the following pages)
- A black felt tip pen to annotate the back of your photographs (instructions on annotating your photographs are provided in this manual)

OVERVIEW: PORTFOLIO COMPONENT

Portfolio 1: Concentration

For **Portfolio 1: Concentration**, you will select and photograph three pieces of your original artwork in one medium that is **your area of concentration** and bring the photographs of three works of art to your scheduled test appointment.

During the test, you will compose a written response to a constructed-response assignment directing you to discuss specific features of your artwork in your area of concentration, as evidenced in your Portfolio 1: Concentration photographs.

Portfolio 2: Breadth

For **Portfolio 2: Breadth**, you will select and photograph three pieces of your original artwork in three media **not in your area of concentration**. Each piece of artwork that you select to photograph for Portfolio 2: Breadth must represent a different medium. Bring the photographs of three works of art to your scheduled test appointment.

During the test, you will compose a written response to a constructed-response assignment directing you to discuss specific topics related to the breadth of your artwork, as evidenced in your Portfolio 2: Breadth photographs.

Note: Your submissions for Portfolio 1: Concentration and Portfolio 2: Breadth need to reflect the kinds of artwork represented in the *Visual and Performing Arts Content Standards for California Public Schools Prekindergarten Through Grade Twelve: Visual Arts* (2001). Your selections should not include crafts (e.g., rubber stamping, journaling, or scrapbooking).

A Total of Four Different Media

In combination, your submissions for Portfolio 1: Concentration and Portfolio 2: Breadth must include four different media that sufficiently demonstrate your artistic breadth. See the following examples.

Portfolio combinations in Examples A and B **DO** sufficiently demonstrate breadth.

A.

Portfolio 1: Concentration	Portfolio 2: Breadth
1. Oil painting	2. Ceramics 3. Digital photography 4. Charcoal drawing

B.

Portfolio 1: Concentration	Portfolio 2: Breadth
1. Computer-generated art	2. Metal sculpture 3. Pen and ink drawing 4. Watercolor painting

Portfolio combinations in Examples C and D **DO NOT** sufficiently demonstrate breadth.

C.

Portfolio 1: Concentration	Portfolio 2: Breadth
1. Computer-generated art	2. Pencil drawing 3. Charcoal drawing 4. Pen and ink drawing

D.

Portfolio 1: Concentration	Portfolio 2: Breadth
1. Oil painting	2. Acrylic painting 3. Lithography 4. Watercolor painting

You bear the burden of proof to demonstrate sufficient breadth across the four different media that you select to photograph.

Written Responses

The constructed-response assignments for Portfolio 1: Concentration and Portfolio 2: Breadth will be presented on screen during your test. The constructed-response assignments require that you demonstrate knowledge of and technical proficiency in the use of tools, techniques, and media taught in the preK–12 and adult school art curriculum and knowledge of the process of creating original works of art. There are two constructed-response assignments to which you will respond, and each will require you to reference your portfolios. **Your scores on the portfolio component will be based on your written responses to the constructed-response assignments, not on the quality of your artwork.**

For **Portfolio 1: Concentration**, you will compose a written response about your artwork as represented by the three photographs of artwork in your area of concentration. In this written response, you will be asked to address the following general topics:

- **the ideation process** (sources of your visual ideas, factors influencing your choice of theme, etc.)
- **the content of your visual expression** (your uses of elements of art and principles of design, the relationships between your choice of medium and the expressive qualities of your work, etc.)
- **your artistic growth and development** (evolution of your visual ideas, stages in your artistic growth, etc.)

For **Portfolio 2: Breadth**, you will compose a written response about your artwork as represented by the three photographs of artwork in three media *not* in your area of concentration. In this written response, you will be asked to address the following general topics:

- **technical aspects of the creative process** (the tools you used in a given work, the procedures you followed, etc.)
- **critical thinking related to the creative process** (solutions to aesthetic problems you encountered, effects of specific design decisions you made, etc.)

Note: Be sure that the photographs of your artwork you choose to submit will allow you to address the topics described above.

STEPS FOR PREPARING PHOTOGRAPHS OF YOUR ARTWORK

Note: Carefully prepare photographs of your artwork according to the procedures and requirements outlined in this manual. Your portfolio materials must meet the "Portfolio and Photograph Requirements" outlined on page 9 or your written responses for Portfolio 1: Concentration and/or Portfolio 2: Breadth will be designated "Unscorable."

Select Artwork to Photograph

Select six artworks as follows:

- For **Portfolio 1: Concentration**, select three artworks that represent your highest-quality work in a single medium that is your area of concentration.
- For **Portfolio 2: Breadth**, select three artworks that illustrate your artistic breadth; these artworks must be in three different media **not** used in Portfolio 1: Concentration.

The six artworks you select must represent four media: one medium for Portfolio 1: Concentration and three different media for Portfolio 2: Breadth. If you are retaking CSET: Art Subtest II, you may select new artworks and/or some or all of the artworks you selected for a past administration.

You bear the burden of proof to demonstrate sufficient breadth across the four different media that you select to photograph.

If after reading this manual you have questions regarding specific types of media, please submit your questions in writing to the CSET program by mail (see the contact information at the front of this manual) or by email at www.ctcexams.nesinc.com.

Photograph Your Artwork

Photograph your artwork as soon as possible to allow time to retake any photographs. If you plan to have your photographs professionally printed, you may need additional time after your photographs are developed to have 8" × 10" prints made of the six photographs you choose to submit. Note that you are expected to submit clear, high-quality photographs of your artwork.

Photographing Suggestions

- Use a tripod or other stabilization device for your camera.
- Use high-quality digital photography or film photography with a slow shutter speed.
- If you are photographing outdoors, a cloudy or overcast day is recommended.
- For electric lighting, blue daylight balance bulbs (available at camera stores) are recommended (standard or fluorescent lightbulbs shed a green light, which may change the color of your artwork).
- As you look through the viewfinder of the camera, the **artwork should fill the frame as completely as possible**, with as little background (e.g., wall, easel) showing as possible. Depending on the dimensions and nature of your artwork, eliminating background may not be possible; in this case try to minimize background.
- Artwork should be evenly lit, with no glare. Avoid positioning the camera so that windows or other bright lights are behind your artwork as you photograph it.
- If you are using a digital camera, set it for photographing at a high resolution (a minimum of 3.2 megapixels).

Professional Photographs Not Required

It is not necessary to have professional photographs taken of your artwork, if you carefully follow the procedures in this manual. However, allow sufficient time to retake any photographs to ensure the quality of your images.

Photography as an Artistic Medium

If photography (color or black and white) is one of your artistic media, you may submit examples of your photographic artwork. You may select photography as your medium for Portfolio 1: Concentration or for one of the media for Portfolio 2: Breadth.

Photograph Submission Policy

The Commission on Teacher Credentialing (CTC) requires that you submit six photographs at the test center to take CSET: Art Subtest II. When you sign in for the test administration for which you are registered, the photographs will be checked by a test administrator. The photographs will be returned to you for use during the test. At the conclusion of your test, you will be required to submit the six photographs for scoring. Your photographs will not be returned to you.

If *one or more* of your photographs do not meet the requirements specified on page 9 of the CSET: Art Subtest II Portfolio Procedures Manual, you will receive a rating of "Unscorable" on the portfolio component written assignment(s). If your written assignment(s) are rated as "Unscorable," you may not receive a passing score on CSET: Art Subtest II and may need to retake the subtest.

Furthermore, if you do not submit six photographs at the test administration (as described above), you will not have satisfied the CSET: Art Subtest II testing requirements; you will not pass CSET: Art Subtest II; and you will need to retake the entire subtest.

Portfolio and Photograph Requirements

- **Your submitted portfolios and photographs must meet the requirements listed below.** If a portfolio does not meet these requirements, your written response for that portfolio (Portfolio 1: Concentration or Portfolio 2: Breadth) will be designated "Unscorable."
- **Submit three photographs of your original artwork for each portfolio.** You must submit a total of six photographs. For Portfolio 1: Concentration, you must submit three photographs of three separate artworks in a single artistic medium. For Portfolio 2: Breadth, you must submit three photographs of three artworks, each one created in a different medium not within your area of concentration.
- **Submit only one photograph of each different work of art.** Each of your six submitted photographs must be of a different work of art. For example, only one photograph of a particular sculpture may be submitted, not several views of the same sculpture.
- **Select original and appropriate artwork.** Your photographs must represent your own original work and be of art forms and in media that would be considered appropriate to teach in an assigned classroom (preK–12).
- **Submit 8" × 10" color prints.** Photographs may not be in other formats (e.g., 3" × 5", 4" × 6", slides). If you are submitting digital photographs, you may submit 8.5" × 11" prints. If black-and-white photography is one of your artistic media, the submitted photograph(s) representing that medium may be in black and white.
- **Submit clear photographs.** Your photographs must be of sufficient quality that scorers are able to see details to which you may refer in your written responses.
- **Submit photographs in each submission envelope.** Each submission envelope must contain three properly labeled photographs.
- **Submit one completed Art Subtest II Submission Form.** Available for download on the CSET: Art test information page at www.ctcexams.nesinc.com or in **Appendix C of this manual.**

Prepare 8" × 10" Color Prints

Submitted photographs must be **8" × 10" color prints**. Photographs in formats other than 8" × 10" prints (e.g., 3" × 5", 4" × 6", slides) are not acceptable. If your photographs are digital, they should be high resolution (i.e., a minimum of 3.2 megapixels) and printed on heavyweight glossy paper. If you are submitting digital photographs, you may submit 8.5" × 11" color prints.

If black-and-white photography is one of your artistic media, the photograph(s) representing that medium may be in black and white.

Make and Retain Copies

Make copies of the six photographs of your artwork and retain the copies until your test results are reported. **Your six submitted photographs will not be returned to you.**

PREPARING MATERIALS FOR SUBMISSION

Label Your Photographs

For each photograph, label the back of the photograph, in the bottom right corner, as shown in Figure 1 below. Write your identification number on each photo and identify your photographs for Portfolio 1: Concentration (use descriptors "C1," "C2," and "C3") and Portfolio 2: Breadth (use descriptors "B1," "B2," and "B3").

To maintain candidate anonymity during scoring, do not place your name anywhere on the photographs.

Figure 1.

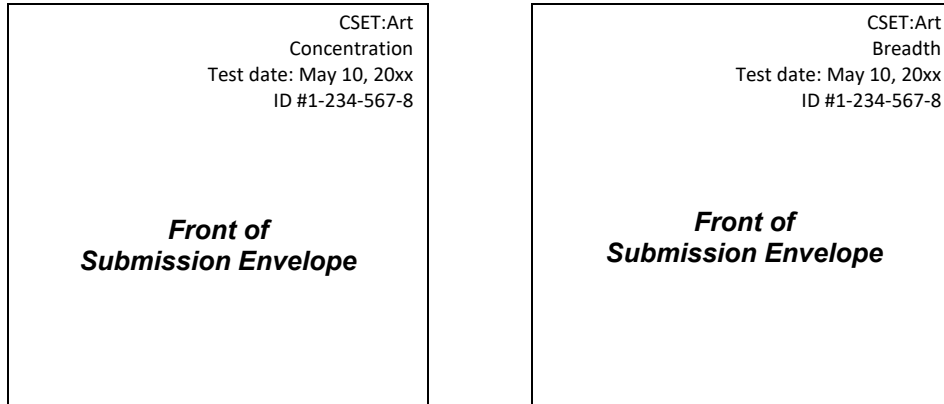

Complete the Art Subtest II Submission Form

You must complete one Art Subtest II Submission Form. Carefully read the signature section of the Art Subtest II Submission Form and provide the required information, including identification of media.

Label Your Submission Envelopes

On each submission envelope, label the front of the envelope, in the upper right corner, as shown in Figure 2 below, with the test name, portfolio name, test date, and your ID number.

Figure 2.

Assemble Materials

Assemble the following materials for submission at the test site.

1. **Submission Envelope—Portfolio 1: Concentration**, containing
 - one completed Art Subtest II Submission Form
 - three **photographs** for Portfolio 1: Concentration, labeled as "C1," "C2," and "C3"
2. **Submission Envelope—Portfolio 2: Breadth**, containing
 - three **photographs** for Portfolio 2: Breadth, labeled as "B1," "B2," and "B3"

Notes: Except as directed in this manual, do not write on your photographs, submission form, or submission envelopes.

Do not seal the submission envelopes.

Bring Materials to the CSET: Art Subtest II Administration

You must bring the two unsealed submission envelopes, each containing all required materials, to your scheduled test appointment. Your photographs will not be returned to you. Portfolios will **only** be accepted at the test site during your scheduled test appointment and all materials must be received at that time.

SCORING OF THE PORTFOLIO COMPONENT

Your scores on the portfolio component of CSET: Art Subtest II will be based on your **written responses to the constructed-response assignments**, not on the quality of your artwork.

Your written responses must be written clearly enough to permit educators in your field to make a valid judgment of your conceptual knowledge of the process of creating original works of art. Each response will be read and holistically scored by at least two qualified California educators who are experienced and trained in a method known as focused holistic scoring. Your written responses to the constructed-response assignments for the portfolio component will be evaluated based on the performance characteristics and scoring scales for the corresponding portfolio provided in Appendix B of this manual.

Your portfolios and photographs must meet the requirements listed on page 9. If a portfolio and/or photograph(s) do not meet these requirements, your written response for the corresponding portfolio component assignment will be designated "Unscorable." If your written response(s) are designated "Unscorable" and you do not pass the subtest, you will receive no refund of your test fee or credit for the test fee at a future test date.

Furthermore, if you do not submit six photographs at the test center at the time of your test appointment, you will not have satisfied the CSET: Art Subtest II testing requirements; you will not pass CSET: Art Subtest II; and you will need to retake the entire subtest.
